1. CONTRACT REQUIREMENT

Our school will be an innovative, creative and ethically-driven school. This is an opportunity for a supplier to work with us to find new approaches to school meals, engaging children in the pleasure of eating and in learning about their food.

We are inviting tenders for the supply of school meals for the school year 2016-2017, starting from 31 March 2017. This will be a three-year contract with an option to extend on an annual basis up to a maximum of 5 years.

Currently the school has an existing contract with Norse expiring 31.03.17

Tenderers should set out how suppliers will meet the specification given, and how they will add value with innovative and interesting approaches and ideas.

The following documents need to be read as part of the tender:

AJS School Meal Tender Introduction
AJS School Meal Tender PQQ
AJS School Meal Tender ITT

3.1. PQQ

All bidders are expected to complete the PQQ by 25/11/2016. The questions for the PQQ are standard questions and follow the latest government guidelines as stated by *The Public Contracts Regulations 2015* using the Restricted Accelerated procedure.

In this stage you will be asked to provide details about your organisation to verify that it can be identified as a legitimate trading organisation, that it has acceptable levels of economic and financial standing, and that it promotes good practice in areas of equal opportunities, protecting the environment and health and safety. You will also be asked to demonstrate that your organisation has the experience and technical capability to deliver the contract.

Financial Information – you will be asked for certain financial information as we need to be sure that your organisation can meet the requirement for the life of the contract.

Experience and Technical Ability - we will ask for information to assess whether an organisation has the relevant experience and technical ability to carry out the categories of work, and to provide the type and quality of service required. You will be asked to provide details of similar contracts held by your organisation, over recent years, and to provide the details of a named contact. The Council will usually contact the named individual to confirm the details provided.

Insurances - you are also asked to provide assurances regarding insurance cover to be in place before the contract commences. These levels are set as deemed appropriate in relation to the contract available.

Equal Opportunities – Avenue Junior School is committed to eliminating inequalities in all functions, including procurement. The school strives to ensure that their services are equally accessible and appropriate to the differing needs of all community sectors, regardless of race, colour, nationality, ethnic origin, gender, marital status, disability, age or sexuality.

Three bidders will be shortlisted to proceed to the ITT by 26/11/2016.
Notes for completion

1. The “authority” means the public sector contracting authority, or anyone acting on behalf of the contracting authority, that is seeking to invite suitable Suppliers to participate in this procurement process.

2. “You”/ “Your” or “Supplier” means the body completing these questions i.e. the legal entity seeking to be invited to the next stage of the procurement process and responsible for the information provided. The ‘Supplier’ is intended to cover any economic operator as defined by the Public Contracts Regulations 2015 and could be a registered company; charitable organisation; Voluntary Community and Social Enterprise (VCSE); Special Purpose Vehicle; or other form of entity.

3. This Pre-Qualification Questionnaire (PQQ) has been designed to assess the suitability of a Supplier to deliver the authority’s contract requirement(s). If you are successful at this stage of the procurement process, you will be selected for the subsequent award stage of the process.

4. Please ensure that all questions are completed in full, and in the format requested. Failure to do so may result in your submission being disqualified. If the question does not apply to you, please state clearly ‘N/A’.

5. Should you need to provide additional Appendices in response to the questions, these should be numbered clearly and listed as part of your declaration. A template for providing additional information is provided at the end of this document.

6. Please return a completed version of the PQQ documentation via email at finance@avenuejunior.norfolk.sch.uk by the deadline of 25/11/2016 12 noon and any queries relating to this PQQ should also be submitted through the same email.

Verification of Information Provided

7. Whilst reserving the right to request information at any time throughout the procurement process, the authority may enable the Supplier to self-certify that there are no mandatory/discretionary grounds for excluding their organisation. When requesting evidence that the Supplier can meet the specified requirements (such as the questions in section 7 of this PQQ relating to Technical and Professional Ability) the authority may only obtain such evidence after the final tender evaluation decision i.e. from the winning Supplier only.
**Sub-contracting arrangements**

8. Where the Supplier proposes to use one or more sub-contractors to deliver some or all of the contract requirements, a separate Appendix should be used to provide details of the proposed bidding model that includes members of the supply chain, the percentage of work being delivered by each sub-contractor and the key contract deliverables each sub-contractor will be responsible for.

9. The authority recognises that arrangements in relation to sub-contracting may be subject to future change, and may not be finalised until a later date. However, Suppliers should be aware that where information provided to the authority indicates that sub-contractors are to play a significant role in delivering key contract requirements, any changes to those sub-contracting arrangements may affect the ability of the Supplier to proceed with the procurement process or to provide the supplies and/or services required. Suppliers should therefore notify the authority immediately of any change in the proposed sub-contractor arrangements. The authority reserves the right to deselect the Supplier prior to any award of contract, based on an assessment of the updated information.

**Consortia arrangements**

10. If the Supplier completing this PQQ is doing so as part of a proposed consortium, the following information must be provided;

   - names of all consortium members;
   - the lead member of the consortium who will be contractually responsible for delivery of the contract (if a separate legal entity is not being created); and
   - if the consortium is not proposing to form a legal entity, full details of proposed arrangements within a separate Appendix.

11. Please note that the authority may require the consortium to assume a specific legal form if awarded the contract, to the extent that a specific legal form is deemed by the authority as being necessary for the satisfactory performance of the contract.

12. All members of the consortium will be required to provide the information required in all sections of the PQQ as part of a single composite response to the authority i.e. each member of the consortium is required to complete the form.

13. Where you are proposing to create a separate legal entity, such as a Special Purpose Vehicle (SPV), you should provide details of the actual or proposed percentage shareholding of the constituent members within the new legal entity in a separate Appendix.

14. The authority recognises that arrangements in relation to a consortium bid may be subject to future change. Suppliers should therefore respond on the basis of the arrangements as currently envisaged. Suppliers are reminded that the authority must be immediately notified of any changes, or proposed changes, in relation to the bidding model so that a further assessment can be carried out by applying the selection criteria to the new information provided. The authority reserves the right to deselect the Supplier prior to any award of contract, based on an assessment of the updated information.
Confidentiality

15. When providing details of contracts in answering section 6 of this PQQ (Technical and Professional Ability), the Supplier agrees to waive any contractual or other confidentiality rights and obligations associated with these contracts.

16. The authority reserves the right to contact the named customer contact in section 6 regarding the contracts included in section 6. The named customer contact does not owe the authority any duty of care or have any legal liability, except for any deceitful or maliciously false statements of fact.

17. The authority confirms that it will keep confidential and will not disclose to any third parties any information obtained from a named customer contact, other than to the Cabinet Office and/or contracting authorities defined by the Public Contracts Regulations.

</tbody>
</table>
| h. | (h) your organisation—  
   (i) has been guilty of serious misrepresentation in supplying the information required for the verification of the absence of grounds for exclusion or the fulfilment of the selection criteria;  or  |
(ii) has withheld such information or is not able to submit supporting documents required under regulation 59 of the Public Contracts Regulations 2015; or

(i) your organisation has undertaken to

(aa) unduly influence the decision-making process of the contracting authority, or

(bb) obtain confidential information that may confer upon your organisation undue advantages in the procurement procedure; or

(j) your organisation has negligently provided misleading information that may have a material influence on decisions concerning exclusion, selection or award.

**Conflicts of interest**

In accordance with question 3.1 (e), the authority may exclude the Supplier if there is a conflict of interest which cannot be effectively remedied. The concept of a conflict of interest includes any situation where relevant staff members have, directly or indirectly, a financial, economic or other personal interest which might be perceived to compromise their impartiality and independence in the context of the procurement procedure.

Where there is any indication that a conflict of interest exists or may arise then it is the responsibility of the Supplier to inform the authority, detailing the conflict in a separate Appendix. Provided that it has been carried out in a transparent manner, routine pre-market engagement carried out by the authority should not represent a conflict of interest for the Supplier.

**Taking Account of Bidders' Past Performance**

In accordance with question (g), the authority may assess the past performance of a Supplier (through a Certificate of Performance provided by a Customer or other means of evidence). The authority may take into account any failure to discharge obligations under the previous principal relevant contracts of the Supplier completing this PQQ. The authority may also assess whether specified minimum standards for reliability for such contracts are met.

In addition, the authority may re-assess reliability based on past performance at key stages in the procurement process (i.e. Supplier selection, tender evaluation, contract award stage etc.). Suppliers may also be asked to update the evidence they provide in this section to reflect more recent performance on new or existing contracts (or to confirm that nothing has changed).

**‘Self-cleaning’**

Any Supplier that answers ‘Yes’ to questions 2.1, 2.2 and 3.1 should provide sufficient evidence, in a separate Appendix, that provides a summary of the circumstances and any remedial action that has taken place subsequently and effectively “self cleans” the situation referred to in that question. The Supplier has to demonstrate it has taken such remedial action, to the satisfaction of the authority in each case.
If such evidence is considered by the authority (whose decision will be final) as sufficient, the economic operator concerned shall be allowed to continue in the procurement process.

In order for the evidence referred to above to be sufficient, the Supplier shall, as a minimum, prove that it has;

- paid or undertaken to pay compensation in respect of any damage caused by the criminal offence or misconduct;
- clarified the facts and circumstances in a comprehensive manner by actively collaborating with the investigating authorities; and
- taken concrete technical, organisational and personnel measures that are appropriate to prevent further criminal offences or misconduct.

The measures taken by the Supplier shall be evaluated taking into account the gravity and particular circumstances of the criminal offence or misconduct. Where the measures are considered by the authority to be insufficient, the Supplier shall be given a statement of the reasons for that decision.

Where the Supplier is a Special Purpose Vehicle, or a managing agent not intending to be the main provider of the supplies or services, the information requested should be provided in respect of the principal intended provider(s) or subcontractor(s) who will deliver the supplies and services.
